

June 2007 - June 2008

Budget: Approximately \$30,000

We had about \$30,000 to work with this past year: about \$8,000 from adoption fees and about \$22,000 from other donations.

With that we fully vetted about 100 friendly cats and kittens who we then placed in forever homes! In addition, we altered and vaccinated about 100 more cats who were either feral or from low-income families who otherwise would not spay.

We also provided valuable resources to the public!
